

INTERSCHOLASTIC CORNER - HORSELIFE FARM:

Sophia and Shaggy; Bella and FGF Generals Causeway; Carleigh and Eliana; Elle and Parker; Cadie and Maverick

Stable View is also looking forward to hosting the first ever USEA Interscholastic Eventing League Championship. We've had a positive response so while we won't be able to highlight every team in our newsletters, all teams will be highlighted on our website. If your team hasn't reached out to be interviewed yet please email emma@stableviewfarm.com.

Horselife Farm is located in Area 5 in Texas. Siobhan O'brien, ECP Coach, leads this team. It is based out of her twenty-eight stall barn. Currently their team has five members ranging from Starter to Training with one middle schooler and four high schoolers. This team was one of the first Interscholastic League Teams to be created. Some of these riders have been riding with O'brein since they were nine-years-old.

O'brien said that the team challenges are a unique experience for these young riders. She shared, "This is their first time to compete as a team which is really kind of exciting. It's nice to compete with multiple levels on the same team." She also said, "Coaching is my second career and I enjoy reinforcing the attitude you have to have being on a team. It teaches teamwork and really good sportsmanship."

Horselife Farm plans to come to the championship in May. They are excited it is coming to Stable View as Aiken is such a cool area. O'brein is hoping that the Interscholastic Eventing League program will grow with the creation of the Championships.

Two members of the Horselife Farm team are going to the AECs in a couple weeks to compete. Stable View wishes them the best of luck.
