

FIRST HUNTER/JUMPER INSTITUTE:

What started as a chilly and brisk Autumn morning turned into a beautiful sunny day for the first Hunter/Jumper Institute at Stable View. Alicia Brigode and Zella were the first pair to start the day in the .65M in the Mark Phillips Arena. By the end of the

day there were a total of ninety-five trips between the Hunter and Jumper rings. The courses were designed by Brody Robertson of Ocala, Florida.

The Hunter/Jumper Institute is a new schooling series to allow horses and riders to get practice in the show ring. There are no judges and your coach can even stand in the middle of the arena for extra guidance. Don't miss out on this affordable, world-class schooling opportunity. There are two schooling days left this year: November 15th and December 20th. Use the link below to find prize lists and to sign-up.
