

HARVEST HOSTS AT STABLE VIEW:

Stable View is proud to be apart of the Harvest Host Community. The idea behind this was brought to Stable View's attention by a family who made Stable View their home as they began their travel nurse journey. Members of the Harvest Host community are able to stay here for 1 night, and in return they can purchase some Stable View merchandise or make a donation to a choice of two local charities. Or, a guest may request a full RV Hookup for \$60/night. In return, guests can explore and enjoy the land that equestrians and environmental enthusiasts have come to treasure. Our hope is that Stable View continues to be a gathering place, and that new visitors can come and enjoy everything we have to offer.
