

## **STABLE VIEW HIGHLIGHTS FROM BARRY**

**A few highlights....**

**The Healing Arts Studio is coming along well. It's now weatherproof, the roof is on, and electricity is connected.**

**As many of you will be aware, Cyndy has appointed an additional Yoga instructor. Yoga is now available on Mondays, Thursdays, and Fridays.**

**The Intercollegiate, Interscholastic, and Alumni Championships was a major success. Over 400 entries over two days was exhausting. Having said that, we all thoroughly enjoyed the weekend. We'd like to thank our volunteers for making events like this happen.**

**The next big event at Stable View is the June HT. Having said that, this is a bit more than a Horse Trial as it is also the formal send-off of the US Equestrian Team to the Olympics in Paris. All ten riders will be at Stable View for their final event. Stable View's VIP tickets are available - please book via the SV Office at 1-484-356-3173 or this [link](#).**

**Whilst it's not a highlight, we were very sorry to cancel the USEF / USHJA Series. Stable View doesn't like going backwards. Having said that, after two initial very disappointing events, we decided it was time to reconsider, regroup, and start again. Building off the success of the Hunter Jumper Institute we're going to continue with the same Dates with an unrecognized series. Prize money will be awarded to many winners at the lower levels at each show and will be up to \$25,000. We'll continue with Graze and Gaze and the other customary Stable View rider hospitality. As we rebuild, our intention is to put together a well-rounded, well-organized HJ program for 2025.**

**Auctions, Western Riding, a Dog Show, and Trailblazing are not pursuits that you'd associate with Stable View. But as a part of our Community Outreach, we're considering alternative uses. There's a lot that can happen on a 1,000-acre property and we're happy to consider non-equestrian activities as we attempt to broaden the appeal of the property to a wider audience. Our Accommodations and our Hospitality are at the core of this diversification. You'll be hearing more about our new chefs Chris and Corey over the next few months.**
