STABLE VIEW PARTNERSHIPS - FORESTIER SELLIER SADDLERY

Forestier Sellier Saddlery joined the Stable View team earlier this year. The company is one of the oldest brands in France but just arrived in the United States a couple of years ago. Forestier began in Segonzac, France in 1950. Their workshop is located in Bidart in the Southwest of France.

Guillaume Bernardini is one of Forestier's reps and covers the Aiken area. He says, "My role is to help people to find the perfect saddle for their horse, and themselves. We've been working with Stable View after the winter season to promote Forestier in Aiken. Stable View offers us an ideal location in the vendor alley, audio messages during the show, an XC-sponsored start box, and the possibility to organize an event like Graze & Gaze. In exchange, I need to be set up at a certain number of shows, at least one a month."

Forestier sells both dressage and jumping saddles. Their reps will help you find the saddle best suited to you and your horse. Their saddles are 100% made in France. Guillaume shared, "Our leather is also natural, and we are really lucky to use a natural river that gives our leather all the necessary nutrients to increase the quality of it."

As far as Guillaume's experience with both Forestier and Stable View he said, "At Forestier, we strive to offer you the best of the best for your horse and you. Forestier gave me the opportunity to work with wonderful people and I'm so glad to be in this territory. I want to thank Stable View for exposing a new brand like us."

Forestier will be sponsoring the Friday night Graze and Gaze at Oktoberfest. Riders and grooms make sure to stop by, say hi to Guillaume, and enjoy some complimentary appetizers and drinks.
