

## **STABLE VIEW PARTNERSHIPS - COWGIRL UP WITH GREEN:**

**Cowgirl Up With Green; it's not just a brand, it's a Lifestyle!**

**CGUG got our start in the Thoroughbred racing world, and like a Thoroughbred, we strive for versatility in our products. We have something to offer for riders of all disciplines. CGUG is meant to inspire a positive mindset; when you fall off you do not walk away and quit; you Cowgirl Up, dust yourself off and move forward. When you Cowgirl Up, you stop thinking about negative**

**experiences and transform them into a positive learning opportunity.**

**The “Green” in Cowgirl Up With Green began as a reference to our commitment to All Natural and eco-friendly products. Our clothing is high quality; it will help you feel your best while you ride. We also offer an All Natural skincare line, and don’t forget you can Cowboy up too; CGUG offers items for men as well.**

**CGUG loves horses of all breeds, and starting from the racing world we have a true love of seeing Off Track Thoroughbreds, Standardbreds and Quarter Horses move on to find success in their second careers. We know firsthand the hard work the owners of ex-racehorses put in and the level of dedication it takes to transition from the racetrack to new disciplines. To show our appreciation, CGUG provides High Point OTTB awards to the venues we visit that honor our mission to appreciate the versatility of the off-track Thoroughbred and the commitment of the riders who give these amazing horses the opportunity to continue to thrive in their second careers.**
